SEMEY Celebrates the 25TH Anniversary of the Introduction of English as a Medium of Medical Education.

NCJSC "SEMEY MEDICAL UNIVERSITY"

(Established in 1953)

SEMEY MEDICAL UNIVERSITY

Semey Medical University (SMU) republic of kazakhstan fully government medical university established in 1953. SMU has transformed from a fledgling institute to a multifaceted medical university and cultural hub. From its inaugural class of 320 students, SMU has produced over 25,000 graduates who now contribute to communities worldwide. Innovation has consistently defined SMU. In 1998, it became the first Kazakh university offering medical programs entirely in English, attracting international students. Today, students from various nations call SMU their alma mater.

University Campus

SMU's commitment extends beyond academics. It's a vibrant research and development center. In 2022, it established internal research grants, fostering a spirit of scientific exploration. Highlighting its dedication to practical training, SMU seamlessly integrated a regional multi-field hospital (510 beds), dental clinic, and training family hospital into its facilities. Further solidifying its innovative approach, SMU became the CIS region's pioneer in acquiring a robot-simulator for improved clinical skills (2009).

These advancements are reflected in SMU's national recognition as the #1 institution for science development and medical education reform.

The university's achievements are internationally recognized. It received the "Best Medical Educational Institution" award from the Asian Education Leadership Awards (Dubai, UAE). Looking ahead, SMU is poised for even greater heights through partnerships with prestigious institutions like Pirogov National Research Medical University (Russia) and Kazan State Medical University (Russia), promising exciting academic exchanges and joint research endeavors. Whether you seek a world-class medical education or a platform for groundbreaking discoveries, Semey Medical University beckons you to join its legacy of healing.

STUDENTS TESTIMONIALS

I am 3rd year medical student at SEMEY MEDICAL UNIVERSITY which is one of the best universities of Kazakhstan and the quality of education and the way of examination is also great and keeps students to study well and environment is also educational friendly and the management is really good they are always ready to help.

Semey Medical University is good University, good place of Learning people from different countries meet together & share the common goal. This country is very safe no war at all peaceful country. I have received a great support from faculties & there is so much good library where we can study.

I am Ali Farman 3rd year Medical Student here at Semey Medical University Kazakhstan Overall it's a great university ranked among top medical universities of the country and has a good standing at world ranking too and my experience here has been amazing and Teachers and all the management is so much cooperative and university has a good building and dozen of hospitals around the city which provides better learning opportunities and it also has its own clinical skills center where one can master.

I'm studying in semey medical university, medical education is very good here I like their teaching Methodology and protocol they use for exams. The modern labs are equipped with all modern facilities or us to practice.

I am Dr AKHTIAR AHMED 4th year medical student at SMU kazakhstan. My experience here has overall been great and this university has all the important facilities and hospitals and well experienced teachers and a wonderful

we are satisfied with the study herequality of education is tremendousstaff are very cooperative and politeteachers are really hard workingbuilding of this university is really big and Elite class

Semey State Medical University of Kazakhstan teaches you as a future doctor if you want to be a doctor and you are willing to do become one. This university is best for medical study.

When I take transfer in Smu I was afraid about my studies and future but now I realised Smu is a very good university compare to others universities because here the teacher teaches good as compared to the other universities and I am so happy or this decision now I am confident to make me a good doctor .

I loved the infrastructure of Semey medical University and its International lie. The events that I took part helped me to grow my confidence level. I would like to specially thank the placement cell for guiding me and providing me a good platform (company) for my career.

My name is zainab Naqvi Am Proudly to announce that am studying in best university of the world known as Semey medical university I love the family-like atmosphere that surrounds me.
